

An update on our development in your neighbourhood

Under Alert Level 1 to 3 we have reopened our sites in Porirua in accordance with all government health and safety guidelines.

What's happening in your area?

Kāinga Ora have been able to reopen our sites in Cannons Creek to continue activities, including earthworks at our Niger Street site, completing demolition on Calliope Crescent and drilling small holes (boreholes) in Bothamley Park.

We have also started our parks engagement seeking community feedback on how we enhance three parks in eastern Porirua.

We have delayed some work such as private homeowner surveys, but will reengage with neighbours as soon as we are at a safer Alert Level.

What does it mean?

Restarting work on these sites means we can continue our work towards supplying new, warm, dry homes to the community.

It might also mean you notice activities on our sites more than before, especially as many people will still be at home during this time. We will work to minimise disruption as much as possible and thank you for your patience.

Keeping everyone safe

The wellbeing of our people and communities is our priority. All construction and site workers working near your home will be following strict new rules to keep themselves, you, and the community, safe from Covid-19. These rules will comply with the Health & Safety at Work Act and Ministry of Health guidelines.

Who is doing the mahi?

Porirua Development

The Porirua Development team, led by Kāinga Ora, are focused on quality outcomes for tenants, community and how neighbourhoods can be improved to make it easier for people to come together. They are also responsible for building new, warm dry homes throughout eastern Porirua.

Message: [facebook.com/poriruadevelopment](https://www.facebook.com/poriruadevelopment)

Visit: Community Info Hub, 26 Warspite Ave, Cannons Creek.

We're open under Alert Level 1,
Tuesday to Thursday 1–4.30pm

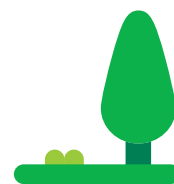

Te Aranga

Te Aranga is an alliance of construction, design and infrastructure experts. They will be preparing the land for the Porirua Development. This includes relocating or removing old state homes past their best, removing contamination and improving the land, roads and footpaths; preparing underground networks for gas, power, water supply, stormwater and wastewater. They will also be responsible for getting approvals and building above ground infrastructure.

Parks project

Porirua Development are looking at ways to enhance Bothamley Park, Cannons Creek Park, Cannons Creek Lakes Reserve.

To learn more and share your thoughts visit [Poriruadevelopment.co.nz/parksproject](https://poriruadevelopment.co.nz/parksproject).

Please note, due to the current Covid-19 Alert Levels, we will focus on online engagement.
